About BCNA

The Barbary Coast Neighborhood Association is a non-profit dedicated to improving the quality of life in San Francisco. Founded in 2006, BCNA serves the residents and businesses in the Barbary Coast, the historic northeast waterfront along the Embarcadero from Bay Street to Clay Street. We strongly support open space, recreation areas, and appropriate residential and commercial development. BCNA works with legislators and community organizations on solutions to traffic congestion, parking problems, crime, homelessness, noise, and other neighborhood issues. We are a volunteer-run organization with no paid staff. Our accomplishments are made possible only by member dues.
